737 Fmc Guides

The true FMC was introduced with the 737-300 in 1984 this kept the performance database and functions but also added a navigation database which interacts with the autopilot & flight director, autothrottle and IRSs. The integrated system is known as the Flight Management System (FMS) of which the FMC is just one component. Most aircraft have just one FMC, but there is an option to have two ...

As I am sure you all know, in most cases in X-Plane 10, the FMC in a large aircraft was a fairly basic 'point and shoot' affair, with the exception of good payware models. This is not so in X-Plane 11. Here we are given a more useful and feature-packed FMC as standard, and it is from this we will take our example for this tutorial, using the default X-Plane 11 Boeing 737-800.
