Conducting an interview. Interviews provide a qualitative method of gathering evidence, data or information. Responses are not usually expressed in numerical terms, as might be the case with questionnaires. If you are planning to carry out interviews as part of a research project, the first things to consider are who you will interview, what kind of information you want to obtain, and the type of interview that will help you to do that.

Postgraduate study skills: Conducting an interview | Help ...

Put simply, a video interview is an interview conducted via video, rather than over the phone or in person. There are a few ways that this can be done, each with their own challenges. There are two types of video interview: a regular face-to-face interview in real time via a video feed, or a pre-recorded interview where each candidate will be given the same set of questions with the same amount of time to respond.

How to Prepare for a Video Interview: 10 Tips for Success

"Doing an interview" is what I commonly hear from journalists. I was again told last week, for example: We are going to do an interview with you two. We are going to do both of you(!) By the way, they also use it when they talk about giving interviews - Could you do an interview? meaning: Would you agree to tell us...?
