Just as the role of friends is expanding in our culture, Friendfluence explores their powerful and often under-appreciated influence on our personalities, habits, physical health, and even our chances of success in life. In this fascinating book, packed with the latest research findings, Carlin Flora traces friendship from its evolutionary roots to its starring role in childhood and adolescence to its subtle (and sometimes not-so-subtle) impact on adults—both positive and negative, online

~~Friends Make Us Who We ...~~

Back in 1937, Dale Carnegie published his hugely popular book *How to Win Friends and Influence People*. Carnegie urged people to copy the behaviors and traits we naturally find desirable in others, such as smiling a lot, encouraging conversation partners to talk about themselves, and using their names frequently.
