car A/C systems is only about 4 ounces (120 ml). A low oil level can starve the compressor for oil and lead to

compressor failure.

CAUTION: Do NOT overfill the the A/C system with too

much compressor oil.

Too much oil can hurt cooling performance.

A/C Compressor PAG  
Oil Application Chart  
- AA1Car.com

PAG is a synthetic oil  
for AC compressor.

Besides knowing how  
much PAG oil to add  
to AC system, you  
also have to use the  
correct viscosity oil.

Each PAG oil type has  
a number such as  
PAG150 or PAG

VC-46. This number

Download File

PDF Pag Oil

refers to the PAG  
viscosity, similar to a  
number like 10W30  
indicates the  
viscosity of a regular  
engine oil.

How Much PAG Oil to  
Add to AC System -  
CAR FROM JAPAN  
To have enough  
effect for  
troubleshooting, 10  
Vol % of the system

PDF Pag Oil

Oil quantity already suffices. For example, with a total system oil quantity of 180 ml, this corresponds to just 18 ml PAO Oil 68 Plus UV. In addition, PAO Oil 68 Plus UV can also be used as the only oil to fill the whole system without there being any negative effects.
